

# Class Themes Sheet

S324  
Soc of Mental Illness  
Summer 2010

*This class is organized around themes that you will be expected to draw from in each section. This sheet lists each of them and gives you some space to take notes. Not every topic we will discuss will relate to every theme, but almost all will relate to at least one. I expect that this theme list, along with your terms list, will become an important review document for your exams and should help you prepare your paper.*

## **Theme 1: Biological vs. Psychological vs. Social**

---

## **Theme 2: Causation**

---

## **Theme 3: Consequence**

---

## **Theme 4: Counting/quantifying**

---

**Theme 5: Iatrogenesis**

---

**Theme 6: Media Portrayal**

---

**Theme 7: Medicalization**

---

**Theme 8: Perspective**

---

**Theme 9: Stigma**

---
